1. Introduction

The LMS Module enables entrepreneurs to perform training after onboarding on the platform and verification by M&E, EY and enumerator.

The module provides access to training where the entrepreneur logs in using credentials, starts training, accepts participation agreement, selects training type and course, and completes modules consisting of videos, PPTs, case studies and MCQs.

The module also includes administrative functionalities for course creation, curriculum management, participation agreement management, dashboard monitoring, notifications, and reports and analytics.

2. Purpose

This document defines the functional requirements and workflows of the LMS Module.

The document serves as a reference for stakeholders, administrators, and developers responsible for managing and implementing the LMS process within the platform.

3. Scope

The LMS Module includes:

- Entrepreneur onboarding completion followed by login into training
- Acceptance of participation agreement on first login
- Selection of general training or programme training
 - Selection and access of course
- Viewing course details, requirements, outcomes, and curriculum
- Viewing course progress including module and content count and last updated
 - Start learning with pre-test and post-test
- Completion of modules containing videos, PPTs, case studies and MCQs
 - Option to read content or watch video
- Setting reminders
- Participation in discussion forum
- Rating of modules after completion
- Marking course as completed

The module enforces a timeline set by the admin. If the entrepreneur fails to complete the LMS module within the timeline, he is dropped off from the programme automatically.

The module also includes admin functionalities such as dashboard access, entrepreneur list management, course management, curriculum management, participation agreement management, notifications, and reports and analytics.

4. System Users

Role	Functionalities
Admin	• Enters LMS dashboard and views entrepreneurs enrolled, in progress, completed and other details • Views entrepreneur list and applies filters (Programme, Country, Language, Gender, Sector, Status) • Views entrepreneur details using action button • Performs course management including creating course, adding details and requirements • Adds curriculum including module, video, PPT, case study • Saves course as draft or publishes • Edits metadata • Publishes or unpublishes course • Views dashboard tiles of total, draft and published courses • Sends reminder notifications • Binds course with programme and defines course timeline • Views discussion using filters • Adds and edits participation agreement in four languages • Accesses reports and analytics
Entrepreneur	• Logs in after onboarding verification Clicks on training and logs in using credentials • Clicks on Start Training • Accepts participation agreement on first login • Selects general training or programme training • Selects course, views course details, requirements, outcomes and curriculum • Views course progress and last updated • Clicks on start learning • Completes pre-test and post-test • Completes modules with videos, PPTs, case studies and MCQs • Reads or watches content • Sets reminders • Participates in discussion forum • Rates module • Marks course as completed

5. Key Features

Feature	Description	Primary Roles Involved
LMS Login	Entrepreneur logs in using credentials after onboarding verification	Entrepreneur
Participation Agreement	Agreement appears on first login and is not shown again after acceptance	Entrepreneur, Admin
Training Selection	Entrepreneur selects general training or programme training and course Key	Entrepreneur
Course Information	Course displays details, requirements, outcomes and curriculum	Entrepreneur

Learning Flow	Includes pre-test, module completion and post-test	Entrepreneur
Curriculum Content	Modules contain videos, PPTs, case studies and MCQs	Entrepreneur
Content Consumption	Entrepreneur can read or watch content Entrepreneur can set reminders	Entrepreneur
Reminder Setting	Entrepreneurs of same course can discuss	Entrepreneur
Discussion Forum	Rating section appears after module completion	Entrepreneur, Admin
Module Rating	Entrepreneur marks course as completed	Entrepreneur
Course Completion	Admin sets time limit for course completion	Admin
Timeline	Entrepreneur is dropped if timeline is not met	Entrepreneur
Enforcement Drop-off Condition	Admin creates, edits, drafts and publishes courses	Admin
Course Management	Content available in Arabic, French, English, Portuguese	Admin
Multilingual Content	Admin sends reminder notifications	Admin
Notifications	Displays entrepreneur LMS details and status	Admin
Reports and Analytics		

6. Role-Based Functional Requirements

6.1 Admin

Objective

To manage LMS dashboard, entrepreneur list, course management, curriculum, participation agreement, notifications, and reports and analytics.

Functional Description

Admin accesses LMS dashboard and performs actions related to entrepreneur monitoring, course creation and management, curriculum setup, agreement management, and reporting.

Workflow

1. Admin enters LMS dashboard.
2. Admin views dashboard showing entrepreneurs enrolled, in progress, completed and other details.
3. Admin clicks on entrepreneur list.
4. Admin applies filters:
 - a. Programme
 - b. Country
 - c. Language
 - d. Gender
 - e. Sector
 - f. Status
5. Admin clicks action button to view entrepreneur details.
6. Admin clicks on course management.
7. Admin creates course and adds details and requirements.
8. Admin performs actions in four languages:
 - a. Arabic
 - b. French
 - c. English
 - d. Portuguese
9. Admin adds curriculum:
 - a. Module
 - b. Video
 - c. PPT

d. Case study

10. Admin saves course as draft or publishes.
11. Draft course is not visible to entrepreneur.
12. Admin edits metadata using edit option.
13. Admin publishes or unpublishes course.
14. Admin views dashboard tiles:
 - Total courses
 - Draft courses
 - Published courses
15. Admin sends reminder notifications to entrepreneur.
16. Admin binds course with programme.
17. Admin defines course timeline.
18. Entrepreneur must complete course within timeline.
19. Admin views discussion using filters of course and programme.
20. Admin adds participation agreement under agreement management.
21. Agreement is uploaded in four languages.
22. Admin edits agreement if required.
23. Admin accesses reports and analytics showing entrepreneur LMS details.

Business Rules

1. Course must be created in four languages: Arabic, French, English, Portuguese.
2. Draft course is not visible to entrepreneur.
3. The course is bound with programme.
4. Admin defines timeline for course completion.
5. Entrepreneur must complete LMS module within timeline.
6. If not completed within the timeline, the entrepreneur is dropped from the programme.
7. Participation agreement is shown at start of LMS module.
8. Admin can edit participation agreement.
9. Admin can send reminder notifications.
10. Reports and analytics show entrepreneur LMS details.

6.2 Entrepreneur

Objective

To complete the LMS module by selecting training, completing courses, participating in learning activities, and marking completion.

Functional Description

Entrepreneur logs in, starts training, accepts agreement, selects course, completes learning modules, participates in discussion, and marks course as completed.

Workflow

1. Entrepreneur is onboarded and verified by M&E, EY and enumerator.
2. Entrepreneur clicks on training.
3. Entrepreneur logs in using credentials.
4. Entrepreneur clicks on Start Training icon.
5. Participation agreement appears on first login.
6. Entrepreneur accepts participation agreement.
7. On second login, participation agreement does not appear.
8. Entrepreneur selects:
 - a. General training OR
 - b. Programme training
9. Entrepreneur selects course.
10. Entrepreneur opens course.
11. Entrepreneur views:
 - a. Course details
 - b. Course requirements
 - c. Outcomes
 - d. Curriculum (video, PPT, case study)
12. Entrepreneur views course progress:
 - a. Module count
 - b. Content count
 - c. Last updated
13. Entrepreneur clicks on start learning.
14. Pre-test appears.
15. Entrepreneur completes modules containing:
 - a. Videos
 - b. PPTs
 - c. Case studies

d. MCQs

16. Entrepreneur reads content or watches video.
17. Entrepreneur sets reminder.
18. Entrepreneur participates in discussion forum.
19. After module completion, rating section appears.
20. After course completion, post-test appears.
21. Entrepreneur clicks on "Mark as completed".
22. LMS module completion is marked.

Business Rules

1. Participation agreement appears only on first login.
2. Participation agreement must be accepted.
3. Agreement is not shown on second login.
4. Entrepreneur selects training and course.
5. Course contains details, requirements, outcomes and curriculum.
6. Course progress shows module count, content count and last updated.
7. Pre-test appears before learning.
8. Post-test appears after course completion.
9. Modules contain videos, PPTs, case studies and MCQs.
10. Entrepreneur can read or watch content.
11. Entrepreneur can set reminders.
12. Discussion forum is available.
13. Rating appears after module completion.
14. Entrepreneur must click "Mark as completed".
15. Admin sets timeline for completion.
16. If not completed within timeline, entrepreneur is dropped from programme.

- Custom reminder and email to be incorporated, also the dropdown of the user roles to whom they want to send the reminder.
- The user cannot skip post-assessment. It is mandatory.

Dashboard Metrics Overview

1. Training Agreement Accepted

Entrepreneurs who have accepted the training agreement. This tile includes all the participants who have accepted the agreement either have started the training or not started the training.

Example:

If 500 entrepreneurs are registered and 350 have accepted the agreement, this count will display 350.

2. Training Completed

Entrepreneurs who have completed all assigned courses within the selected programme.

Example:

Out of 350 accepted entrepreneurs, if 120 have completed all courses, this count will display 120.

3. Training In Progress

Entrepreneurs who have started the training by clicking on 'START TRAINING'.

Example:

If 180 entrepreneurs are actively learning, this count will display 180.

4. Training Not Started

Entrepreneurs who have neither accepted the training agreement nor started the training process, and who are not enrolled.

Example:

If 150 registered entrepreneurs have neither accepted the agreement nor accessed any training content, this count will display 150.

5. Average days to complete

The total number of average days required by all the entrepreneurs to complete the training.

Export Report & Send Reminder

The Export Report feature allows users to download entrepreneur training data, and the Send Reminder feature allows reminder emails to be sent based on selected Programme, Course, and Status filters.

- When **All Courses** is selected, overall training data for all mapped courses within the selected programme will be displayed.
- When a **Specific Course** is selected, data will be displayed only for that course.

Course-level filters are available to track and manage entrepreneurs based on:

Not Started In
