1. Introduction

The Pitching Module enables entrepreneurs who have completed the LMS module to participate in a structured pitching process. The module includes identity verification, submission of business plan documents, seed capital documents, submission, multi-level external review, intern review, resubmission where required, and final approval.

The pitching process is divided into Identity Verification, Window A (Business Plan Phase), and Window B (Seed Capital Phase). Entrepreneurs must complete the process in a defined sequence within timelines configured by the Admin.

After Submission of Window A documents, applications go through a multi-level External Review process involving External Reviewer Admin, EY User, and EY QA, followed by the Intern review when Window B documents are submitted and movement of those applications to the Audit Module who are approved both by the External reviewer admin and intern.

2. Purpose

This document defines the functional requirements and role-based processes governing the Pitching Module. It serves as a reference for stakeholders, developers, and administrators to ensure consistent implementation and operation of the pitching process.

3. Scope

The Pitching Module includes identity verification, document submission across Window A and Window B, submission, external review workflow, intern review workflow, resubmission workflow, approval workflow, and movement of approved entrepreneurs to the Audit Module.

The system enforces a sequential workflow where entrepreneurs must complete Identity Verification, Window A, and Window B. After submission of Window A documents, the review process begins involving External Reviewer Admin assignment, EY User review, EY QA review, External Reviewer Admin final decision, and Intern review after the submission of the Window B documents.

Entrepreneurs who fail to complete submissions or resubmissions within timelines are removed from the programme.

4. System Users

Role	Functionalities
Super Admin	- Views the Pitching Dashboard displaying - - Total Entrepreneurs - In Progress Pitching - Completed Pitches - Disqualified Pitches. - Under Pitching Management, uploads and manages templates for Business Plan Documents and Seed Capital Documents. Templates can be configured in the four preferred languages. - Integrates programmes with the Pitching Module under Programme Management. - Configures the Business Plan Document Phase timeline and Seed Capital Document Phase timeline for each programme. Entrepreneurs who fail to complete the required activities within the configured timeline are automatically removed from the programme. - Configures and manages the Pitching Agreement in the four preferred languages, which entrepreneurs must accept for accessing the pitching module. - Agreement acceptance is followed by OTP verification. - Exports pitching-related data by selecting the programme and preferred file format. - Views the status of entrepreneurs under Application Management and monitors the current stage of each entrepreneur throughout the Pitching Module.
TEF Admin	- Views the Pitching Dashboard displaying - - Total Entrepreneurs - In Progress Pitching - Completed Pitches - Disqualified Pitches. - Exports pitching data by selecting the programme and required file format. - Under Application Management → Pitching, views entrepreneurs separately for the Business Plan Document Phase and Seed Capital Document Phase. - Views entrepreneur status using the following filters: - Submitted

	○ In Process ○ Under Review ○ Reviewed ○ Admin Reviewed ○ Disqualified. • Uses Apply and Reset filters to refine entrepreneur records before performing actions. • Performs the following actions based on application status: ○ Assign Intern (Submitted) ○ Reassign Intern (Under Review) ○ Approve/Reject (Reviewed) • Views review decisions provided by the Intern and EY Admin. • Approves entrepreneurs who have been approved by both the Intern and EY Admin and moves them to the Audit Module. • Bulk approves eligible entrepreneurs and transfers them to the Audit Module.
Intern	• Views the dashboard displaying Pending Binds, Resubmission Requested, and Reviewed Binds. • Reviews the Seed Capital Documents (Window B) submitted by assigned entrepreneurs. • The review process starts immediately after the entrepreneur submits the Seed Capital Documents; no final submission is required. • He views the results given by EY admin, EY reviewer and EY QA. • Approves the submission or requests resubmission. • When requesting resubmission, the Intern: ○ Selects the documents requiring resubmission. ○ Sets the resubmission deadline. ○ Provides mandatory remarks describing the required corrections. ○ Confirms the resubmission request. • Reviews resubmitted documents and either approves them or requests another resubmission with remarks until the configured deadline expires. • Approves submissions with remarks.
EY Admin	• Views entrepreneurs who have completed the Business Plan Document Phase (Window A).

	• Filters entrepreneur applications using - ○ Submitted ○ In Process ○ Under Review ○ Reviewed ○ Admin Reviewed ○ Disqualified statuses. • Uses Apply and Reset filters to refine application lists. • Selects the preferred language while reviewing entrepreneur submissions. • Assigns submitted Window A applications to EY Users for review. The review begins immediately after Window A submission; no final submission is required. • Reassign EY Users to entrepreneurs whose applications are Under Review. • Each EY User remains mapped to a designated EY QA User. • Reviews grades submitted by EY User and EY QA. • Reviews Intern decisions for Window B. • Reviews final applications after EY QA review. • Provides the final grade and comments and may override the grading and comments provided by the EY User and EY QA. • Views the results given by External reviewer user, EY QA and TEF Intern. • Defines and manages the review criteria used during evaluation. • Configures the review criteria using Boolean (Yes/No) scoring instead of numeric scoring.
External Reviewer User (EY User)	• Views the dashboard displaying entrepreneurs assigned for review. • Reviews Business Plan Documents (Window A) assigned by the EY Admin. • Provides grading and review comments based on the configured review criteria. • Submits the reviewed application and the application moved to mapped EY QA User. • Views the decisions made by oneself.
EY QA	• Views the dashboard displaying Pending and Reviewed entrepreneur applications.

	- Reviews the grading and comments provided by the mapped EY User. - Either gives the same evaluation as that of EY reviewer or changes it as per his analysis. - Views the decisions made by oneself.
Entrepreneur	- Completes Identity Verification before accessing the Pitching Module. - Accepts the Pitching Agreement on accessing the pitching module. - Pitching agreement is followed by OTP verification. - If the uploaded Identity Card has expired, the system validates the expiry and allows the entrepreneur to upload a new Identity Card while retaining both the previous and updated Identity Cards in the profile. - Uploads all required Business Plan Documents (Window A). - Uploads all required Seed Capital Documents (Window B). - Submits the Pitching Module. - Resubmits documents whenever requested by the Intern. - Receives notifications containing the resubmission remarks and deadline.

5. Key Features

Key Feature	Description	Primary Role(s)
LMS Eligibility	Entrepreneur can access the Pitching Module only after successfully completing the LMS Module.	Entrepreneur
Sequential Workflow	The Pitching process follows the sequence: Agreement Acceptance → Identity Verification → Window A (Business Plan Phase) → Window B (Seed Capital Phase) → Review → Audit Module.	Entrepreneur
Agreement Acceptance	The entrepreneur must accept the Pitching Agreement to access the Pitching Module. The agreement is displayed in the four preferred languages.	Entrepreneur

Identity Verification	Entrepreneur enters personal details and verifies the registered mobile number using OTP authentication.	Entrepreneur
Identity Card Validation	The system validates the uploaded Identity Card for expiry. If the document has expired, the entrepreneur can upload a new Identity Card while retaining both the previous and updated Identity Cards in the profile for audit purposes.	Entrepreneur
Window A Document Submission	Entrepreneur uploads Business Plan Documents, Pitch Video, Financial Plan, and other required documents.	Entrepreneur
Window B Seed Capital Submission	Entrepreneur uploads all required Seed Capital Documents.	Entrepreneur
Template-Based Uploads	Selected documents must be uploaded using the templates configured by the Super Admin.	Super Admin, Entrepreneur
Pitch Video Upload	Entrepreneur uploads the Pitch Video.	Entrepreneur
Business Executive Summary	Entrepreneur provides a Business Executive Summary containing 1,000–3,000 words. The content can be entered by typing or copy-pasting into the system.	Entrepreneur
External Review Workflow	Window A submissions are assigned to EY Users, reviewed by EY QA, and finally evaluated by the EY Admin.	EY Admin, EY User, EY QA
Review Criteria Management	EY Admin configures and manages the review criteria used during evaluation.	EY Admin
Boolean-Based Review Scoring	Review criteria are evaluated using Boolean (Yes/No) responses instead of numerical scoring.	EY Admin, EY User, EY QA
Intern Review Workflow	Window B submissions are assigned to Interns for review, approval, or resubmission.	Intern
Resubmission Workflow	Entrepreneurs resubmit documents whenever requested by reviewers until the configured deadline expires.	Entrepreneur, Intern

Timeline Management	Programme timelines and resubmission timelines are configured by the Super Admin.	Super Admin
Automatic Programme Removal	Entrepreneurs who fail to complete mandatory activities within the configured timelines are automatically removed from the programme.	Super Admin
Parallel Review Capability	The review of Window A and Window B documents starts immediately after submission and does not depend on a final submission. Both review processes can run independently wherever applicable.	EY Admin, Intern
Review Filters	Application lists support Submitted, In Process, Under Review, Reviewed, Admin Reviewed, Disqualified, along with Apply and Reset actions.	TEF Admin, EY Admin
Application Assignment	Administrators can assign and reassign applications to EY Users and Interns based on their review status.	TEF Admin, EY Admin
Notification Management	Notification email for resubmission requests is sent to entrepreneur.	Intern
Export Management	Pitching data can be exported by selecting the programme and required file format.	Super Admin, TEF Admin
Movement to Audit Module	Entrepreneurs approved by both the EY Admin and Intern are moved to the Audit Module by the TEF Admin.	TEF Admin
Bulk Audit Movement	TEF Admin can bulk approve eligible entrepreneurs and move them to the Audit Module.	TEF Admin
Disqualification Rules	Entrepreneurs who fail to meet submission or resubmission timelines are disqualified or removed from the programme as per the configured rules.	Super Admin, TEF Admin

6. Role-Based Functional Requirements

6.1 Super Admin

Objective

To configure, manage, and monitor the overall Pitching Module by defining programme timelines, managing document templates, configuring agreements, monitoring entrepreneur progress, and controlling system-wide pitching settings.

Functional Description

The Super Admin is responsible for the overall configuration and administration of the Pitching Module. The Super Admin manages programme integration, uploads document templates, configures pitching timelines, prepares multilingual agreements, monitors entrepreneur progress, and exports pitching-related information. The Super Admin ensures that entrepreneurs complete the pitching process within the configured timelines and that all required resources are available before the programme begins.

Workflow

1. Super Admin logs into the Admin Portal.
2. Views the Pitching Dashboard displaying:
 - Total Entrepreneurs
 - In Progress Pitching
 - Completed Pitches
 - Disqualified Pitches
3. Navigates to Programme Management.
4. Integrates the required programme with the Pitching Module.
5. Configures the following timelines for the selected programme:
 - Business Plan Document Phase
 - Seed Capital Document Phase
6. Navigates to Pitching Management.
7. Uploads and manages templates for:
 - Business Plan Documents
 - Seed Capital Documents
8. Uploads and maintains templates in all four preferred languages.
9. Configures and manages the Pitching Agreement in all four preferred languages.
10. Publishes the agreement to be accepted by the entrepreneurs.
11. Agreement acceptance is followed by OTP verification.

12. Monitors entrepreneur progress through Application Management.
13. Views the current stage of each entrepreneur throughout the Pitching lifecycle.
14. Exports pitching-related information by selecting:
 - Programme
 - File Format
15. Reviews overall pitching progress and system statistics.

Business Rules

- The Super Admin is responsible for configuring all programme timelines before the Pitching Module becomes available.
- Each programme shall have independent Business Plan and Seed Capital timelines.
- Entrepreneurs who fail to complete mandatory activities within the configured timeline shall be automatically removed from the programme.
- Templates for Business Plan and Seed Capital documents shall be maintained by the Super Admin.
- Templates shall support all four preferred languages.
- The Pitching Agreement shall be configured in all supported languages.
- Entrepreneurs shall be required to accept the agreement followed by successful OTP verification.
- The Super Admin shall have access to all pitching data across programmes.
- Export functionality shall allow programme-wise data extraction in the supported file formats.
- Application Management shall display the current pitching stage of every entrepreneur for monitoring purposes.

6.2 TEF Admin

Objective

To manage the operational activities of the Pitching Module, monitor entrepreneur progress, assign applications for review, manage approvals, and transfer eligible entrepreneurs to the Audit Module.

Functional Description

The TEF Admin manages the day-to-day operations of the Pitching Module. The TEF Admin monitors entrepreneur submissions, assigns Window B applications to Interns, reviews decisions made by the EY Admin and Interns, manages entrepreneur application statuses, and transfers eligible entrepreneurs to the Audit Module.

Workflow

1. TEF Admin logs into the Admin Portal.
2. Views the Pitching Dashboard displaying:
 - Total Entrepreneurs
 - In Progress Pitching
 - Completed Pitches
 - Disqualified Pitches
3. Exports pitching information by selecting:
 - Programme
 - File Format
4. Navigates to Application Management → Pitching.
5. Views entrepreneur applications separately for:
 - Business Plan Document Phase (Window A)
 - Seed Capital Document Phase (Window B)
6. Filters entrepreneur applications using:
 - Submitted
 - In Process
 - Under Review
 - Reviewed
 - Admin Reviewed
 - Disqualified
7. Uses Apply and Reset actions in filters
8. Performs application management actions:
 - Assign Intern (Submitted)
 - Reassign Intern (Under Review)
 - Approve (Reviewed)
 - Reject
9. Reviews decisions submitted by Intern.
10. Views decisions of EY Admin.
11. Bulk approves eligible entrepreneurs who have been approved by intern and EY admin.
12. Moves approved entrepreneurs to the Audit Module.

Business Rules

- TEF Admin shall monitor entrepreneur progress throughout both Window A and Window B.
- Intern assignment shall only be available for submitted Window B applications.
- Reassignment shall only be available for applications currently under review.

- Approval or rejection shall only be performed after completion of the review process.
- The admin can reject the document, then send it to the intern and entrepreneur then resends it.
- Application filters shall support Submitted, In Process, Under Review, Reviewed, Admin Reviewed and Disqualified.
- Apply and Reset options shall be available for all application filters.
- Entrepreneurs shall be moved to the Audit Module only after receiving approval from both the EY Admin and the Intern.

6.3 External reviewer (EY) Admin

Objective

To manage the Window A (Business Plan) review process by assigning entrepreneur applications to EY Users, monitoring the review workflow, validating review outcomes, providing the final grading and comments, configuring review criteria, and approving eligible applications for further processing.

Functional Description

The EY Admin manages the complete external review process for Window A (Business Plan) submissions. The EY Admin reviews entrepreneur applications, assigns them to EY Users, monitors the review progress, validates the grading provided by EY Users and EY QA, and provides the final grading and comments.

The EY Admin is responsible for configuring the review criteria used during evaluation and managing the Boolean (Yes/No) scoring mechanism.

The EY Admin can override the grading and comments provided by both the EY User and EY QA before making the final decision.

Workflow

1. EY Admin logs into the system.
2. Views all entrepreneurs who have completed the Business Plan Document Phase (Window A).
3. Views entrepreneur applications using the following status filters:
 - Submitted
 - In Process
 - Under Review
 - Reviewed

- Admin Reviewed
 - Disqualified
4. Uses Apply and Reset filters.
 5. Selects the preferred language for reviewing entrepreneur applications.
 6. Assigns submitted Window A applications to the appropriate External reviewer.
 7. The Window A review begins immediately after the entrepreneur submits the Business Plan Documents. No final submission is required for initiating the review.
 8. Each assigned EY User reviews the application and submits grading and comments.
 9. The application is automatically routed to the mapped EY QA User.
 10. EY QA reviews the grading and provides his results.
 11. The application is routed back to the EY Admin.
 12. Views the results given by External reviewer user, EY QA and intern.
 13. Reviews:
 - EY User grading
 - EY User comments
 - EY QA grading
 - EY QA comments
 13. Provides:
 - Final Grade
 - Final Comments
 16. May override the grading and comments provided by both the EY User and EY QA.
 17. Approves the entrepreneur application for further processing.

Business Rules

- The EY Admin shall assign Window A applications only after the entrepreneur submits the Business Plan Documents.
- No final submission shall be required to initiate the Window A review process.
- Multiple EY Users may be configured within the system.
- Each EY User shall be mapped to a designated EY QA User.
- The EY Admin shall have access to all review comments and grading submitted by the EY User and EY QA.
- The EY Admin shall configure and maintain the review criteria used during evaluation.
- Review criteria shall be evaluated using Boolean (Yes/No) responses.
- The EY Admin may override the grading and comments provided by the EY User and EY QA.
- The final grading provided by the EY Admin shall be considered the official review outcome.

- The system shall maintain an audit trail of all review decisions, grading changes, and overridden comments.
- Application filters shall support Submitted, In Process, Under Review, Reviewed, Admin Reviewed and Disqualified.
- Language selection shall be available while reviewing entrepreneur applications.

6.4 External Reviewer User (EY User)

Objective

To review the Window A (Business Plan) submissions assigned by the EY Admin, evaluate entrepreneur applications based on the configured review criteria, provide grading and comments, and submit the reviewed application to the mapped EY QA for further validation.

Functional Description

The External Reviewer User (EY User) is responsible for reviewing the Business Plan (Window A) submissions assigned by the EY Admin. The EY User evaluates the entrepreneur's application using the configured review criteria, records observations, provides grading and comments, and submits the completed review to the mapped EY QA.

The EY User performs the review using the review criteria configured by the EY Admin and records responses using the Boolean (Yes/No) evaluation format.

The EY User cannot approve or reject the entrepreneur application. The responsibility of the EY User is limited to evaluating the submission and providing recommendations.

Workflow

1. EY User logs into the system.
2. Views the dashboard displaying:
 - Pending Reviews
 - Reviewed Applications
3. Views all entrepreneur applications assigned by the EY Admin.
4. Opens the assigned entrepreneur application.
5. Reviews:
 - Business Plan
 - Financial Plan
 - Pitch Video
 - Supporting documents submitted under Window A
6. Reviews the application against the configured review criteria.

7. Records responses for each review criterion using the configured Boolean (Yes/No) evaluation.
8. Provides:
 - Review Comments
 - Overall Grade
9. Submits the completed review.
10. The application is automatically forwarded to the mapped EY QA.

Business Rules

- The EY User shall only access entrepreneur applications assigned by the EY Admin.
- Each EY User shall be mapped to one designated EY QA.
- The EY User shall review only Window A (Business Plan) submissions.
- The review shall be performed using the review criteria configured by the EY Admin.
- Each review criterion shall support Boolean (Yes/No) evaluation.
- Review comments shall be recorded before submission.
- Overall grading shall be mandatory before completing the review.
- Once submitted, the application shall automatically move to the mapped EY QA.
- The EY User cannot modify the review after submission unless the application is reassigned by the EY Admin.
- The EY User cannot approve, reject, or move applications to the next module.

6.5 EY QA

Objective

To perform the evaluation of the entrepreneur by giving grades and comments and forward the reviewed application to the EY Admin for the final review and grading.

Functional Description

The EY QA is responsible for performing the review of Window A (Business Plan) submissions that have already been evaluated by the mapped EY User.

The EY QA reviews the application using the review criteria configured by the EY Admin and gives the Boolean (Yes/No) responses, grading, and comments before forwarding the application to the EY Admin. He may either give the exact responses as that of EY reviewer or can give the responses different from reviewer as per his analysis.

The EY QA does not provide the final decision on the entrepreneur application. The final grading and approval are provided by the EY Admin.

Workflow

1. EY QA logs into the system.
2. Views the dashboard displaying:
 - Pending Reviews
 - Reviewed Applications
3. Views all entrepreneur applications reviewed by the mapped EY User.
4. Opens the assigned entrepreneur application.
5. Reviews:
 - Business Plan
 - Financial Plan
 - Pitch Video
 - Supporting documents
6. Gives evaluation for individual review criteria.
7. Submits the completed review.
8. The application is automatically forwarded to the EY Admin.
9. Views the status of reviewed applications.

Business Rules

- Each EY QA shall be mapped to one or more EY Users.
- EY QA shall review only those applications assigned through the mapped EY User.
- The review shall be performed using the review criteria configured by the EY Admin.
- EY QA may give either the same responses as that of the EY reviewer or can give the responses different from EY reviewer as per his analysis.
- After submission, the application shall automatically move to the EY Admin.
- EY QA shall not provide the final approval or rejection of the entrepreneur application.
- Once the EY QA review is submitted, the EY QA shall not be permitted to modify the review unless the application is reassigned by the EY Admin.
- The system shall maintain the complete audit history of grading changes, modified review criteria, comments, and review timestamps.
- The dashboard shall display Pending Reviews and Reviewed Applications for monitoring purposes.

6.6 Intern

Objective

To review the Window B (Seed Capital) submissions assigned by the TEF Admin, verify the submitted documents, approve eligible submissions, request resubmission where required,

and ensure that entrepreneurs complete the resubmission process within the configured timeline.

Functional Description

The Intern is responsible for reviewing the Window B (Seed Capital) documents submitted by entrepreneurs. The Intern reviews only the applications assigned by the TEF Admin and determines whether the submitted documents satisfy the required criteria.

The review process begins immediately after the entrepreneur submits the Window B documents. No final submission is required to initiate the review.

The Intern may approve the submitted documents or request resubmission by specifying the required corrections, selecting the documents that require resubmission, and defining a resubmission deadline.

The Intern can monitor the review status of assigned entrepreneurs through the dashboard and review resubmitted documents until a final decision is reached.

Workflow

1. Intern logs into the system.
2. Views the dashboard displaying:
 - Pending Binds
 - Resubmission Requested
 - Reviewed Binds
3. Views all Window B applications assigned by the TEF Admin.
4. He views the results given by EY admin, EY reviewer and EY QA
5. Opens the assigned entrepreneur application.
6. Reviews all submitted Seed Capital documents.
7. The review begins immediately after Window B submission without requiring a final submission step.
8. Reviews the submitted documents and either:
 - Approves the submission, or
 - Requests Resubmission.
9. When requesting resubmission, the Intern:
 - Selects the Seed Capital documents that require resubmission.
 - Defines the resubmission deadline.
 - Provides mandatory remarks explaining the required corrections.
 - Confirms the resubmission request.
10. The system sends a notification to the entrepreneur containing:
 - Documents requiring resubmission.

- Resubmission remarks.
 - Resubmission deadline.
11. The entrepreneur uploads the corrected documents.
 12. The resubmitted application is automatically routed back to the same Intern.
 13. The Intern reviews the resubmitted documents.
 14. The TEF Admin moves eligible entrepreneurs to the Audit Module after approval from both the Intern and the EY Admin.

Business Rules

- The Intern shall review only the Window B (Seed Capital) applications assigned by the TEF Admin.
- Window B review shall begin immediately after document submission and shall not require a final submission.
- The Intern may either:
 - Approve the submission, or
 - Request resubmission.
- When requesting resubmission, selecting the documents requiring correction shall be mandatory.
- A resubmission deadline shall be specified for every resubmission request.
- Remarks shall be mandatory only when requesting resubmission. Remarks shall remain optional when approving a submission.
- Each resubmitted application shall be routed back to the same Intern who initiated the review.
- The system shall notify the entrepreneur of the documents requiring correction, the review remarks, and the resubmission deadline.
- If the entrepreneur fails to resubmit the documents within the configured timeline, the application shall be marked as Deadline Missed and processed according to the programme rules.
- Approved applications shall be made available to the TEF Admin for final movement to the Audit Module.
- The Intern shall be able to monitor Pending Binds, Resubmission Requested, and Reviewed Binds through the dashboard.
- The system shall maintain the complete review history, including approvals, resubmission requests, remarks, timelines, and resubmitted document versions for audit purposes.

6.7 Entrepreneur

Objective

To complete the Pitching Module by accepting the Pitching Agreement, performing identity Verification, uploading the required Window A (Business Plan) and Window B (Seed Capital) documents, responding to review feedback through resubmissions where applicable, and successfully completing the pitching process within the configured timelines.

Functional Description

The Entrepreneur accesses the Pitching Module only after successfully completing the LMS Module. The entrepreneur begins by accepting the pitching agreement after which Identity Verification through OTP authentication is performed.

The entrepreneur completes the Business Plan (Window A) and Seed Capital (Window B) phases sequentially by uploading the required documents and supporting information

The system validates the uploaded Identity Card. If the Identity Card has expired, the entrepreneur is allowed to upload a new Identity Card while retaining both the previous and updated Identity Cards in the profile for audit purposes.

During the review process, the entrepreneur may receive requests to resubmit specific documents. The entrepreneur must upload the corrected documents within the specified timeline.

Workflow

1. Entrepreneur successfully completes the LMS Module.
2. Accesses the Pitching Module.
3. Completes Identity Verification by entering:
 - Name
 - Email Address
 - Country
 - Mobile Number
4. The system displays the Pitching Agreement which the entrepreneur accepts and is followed by successful OTP verification.
5. The system validates the uploaded Identity Card for expiry.
6. If the uploaded Identity Card has expired, the entrepreneur uploads a new Identity Card. Both the previous and updated Identity Cards remain available within the entrepreneur's profile.
7. Completes the Window A (Business Plan) phase by uploading:

- Business Plan
 - Financial Plan
 - Pitch Video
 - Business Registration Certificate
 - Government ID
 - Tax Certificate
 - Bank Letter
 - Partners' Consent
 - Birth Certificate
8. Enters the Business Executive Summary (1,000–3,000 words) by typing or copy-pasting the content into the system.
 9. Completes the Window B (Seed Capital) phase by uploading the required Seed Capital documents.
 10. The entrepreneur monitors the review status of the submitted application.
 11. If resubmission is requested, the entrepreneur receives:
 - Notification
 - Documents requiring correction
 - Review remarks
 - Resubmission deadline
 17. Reviews the feedback provided by the Intern.
 18. Uploads the corrected documents within the specified timeline.
 19. Repeats the resubmission process until the documents are approved or the configured resubmission timeline expires.
 20. After successful approval by both the EY Admin and the Intern, the entrepreneur is moved to the Audit Module.

Business Rules

- Completion of the LMS Module shall be mandatory before accessing the Pitching Module.
- Identity Verification shall be completed before proceeding to document submission.
- The entrepreneur shall accept the Pitching Agreement followed by successful OTP verification.
- The entrepreneur shall complete the Business Plan phase before proceeding to the Seed Capital phase.
- The system shall validate the uploaded Identity Card for expiry.
- If the uploaded Identity Card has expired, the entrepreneur shall be allowed to upload a replacement Identity Card while retaining both document versions for audit purposes.
- The Pitch Video shall not exceed the configured duration and file size limits.

- The Business Executive Summary shall contain between 1,000 and 3,000 words.
- The entrepreneur may edit uploaded information until the corresponding phase is submitted.
- The entrepreneur shall resubmit only those documents requested by the Intern.
- Entrepreneurs failing to submit or resubmit documents within the configured timeline shall be processed according to the programme rules.
- The system shall maintain all uploaded and resubmitted document versions, including previous and updated Identity Cards, for audit purposes.
